

Looking for a **FUN-KY** church activity?

Over 600 students and youth pastors at **Super Summer Oklahoma 2017** had a crazy fun experience **packing more than 62,000 delicious, healthy meals** for our neighbors in need in Oklahoma!

// ...And the **joy on their faces!** They were really able to get into the **act of ministry** and worship in that way ... if your community or church wants to **experience something great** like this, bring in The Pack Shack!

- Zach Priest, Week 3 coordinator at SSOK

// It was just a simple way for us to be the **hands and feet of Christ** ... a real blessing to be a part of this meal packing activity!

// Getting to do this was special because we were doing this work to the **glory of God**, and it was special to **work together** with all of the other kids.

16.2% of Oklahoma residents are food insecure. That's 5th worst in country.*
